Dimanche le 28 janvier

Concert adaptatif  
avec

*Quatuor Despax*

Presented by | Présenté par  
Ottawa Chamberfest & Lotus Centre for Music Education

## *Quatuor Despax*

**Cendrine Despax, violin | violon, Jean Despax, violin | violon  
Maxime Despax, viola | alto, Valérie Despax, cello | violoncelle**

Thank you | Merci

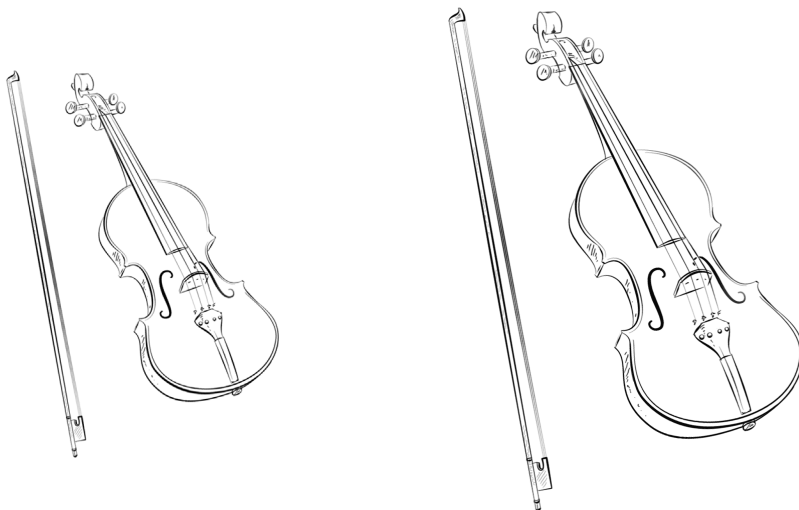

Quatuor is the french word for quartet.

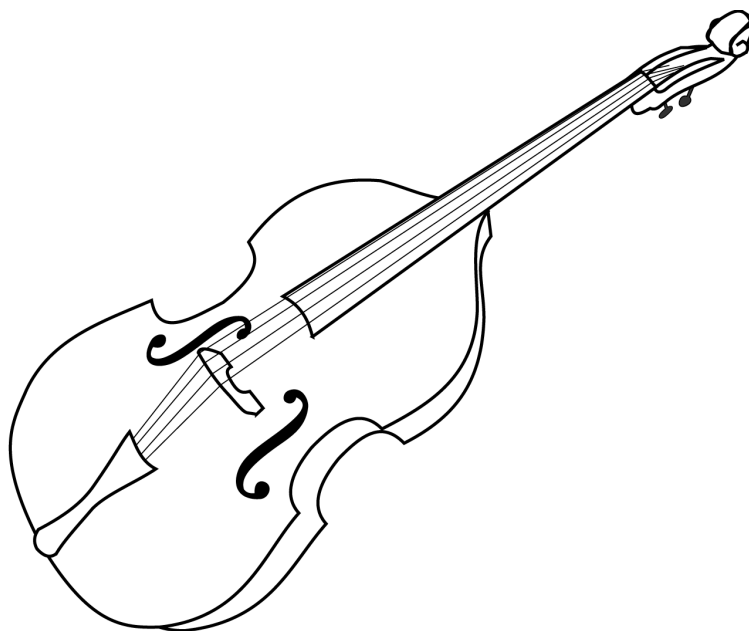

Words that start with the quar- sound, like quartet and quarter, have a connection to the word four. There are four players in a quartet.

The instruments that Quatuor Despax play are 2 violins, 1 viola, and 1 cello.

These are all stringed instruments, and they are all played with a bow.

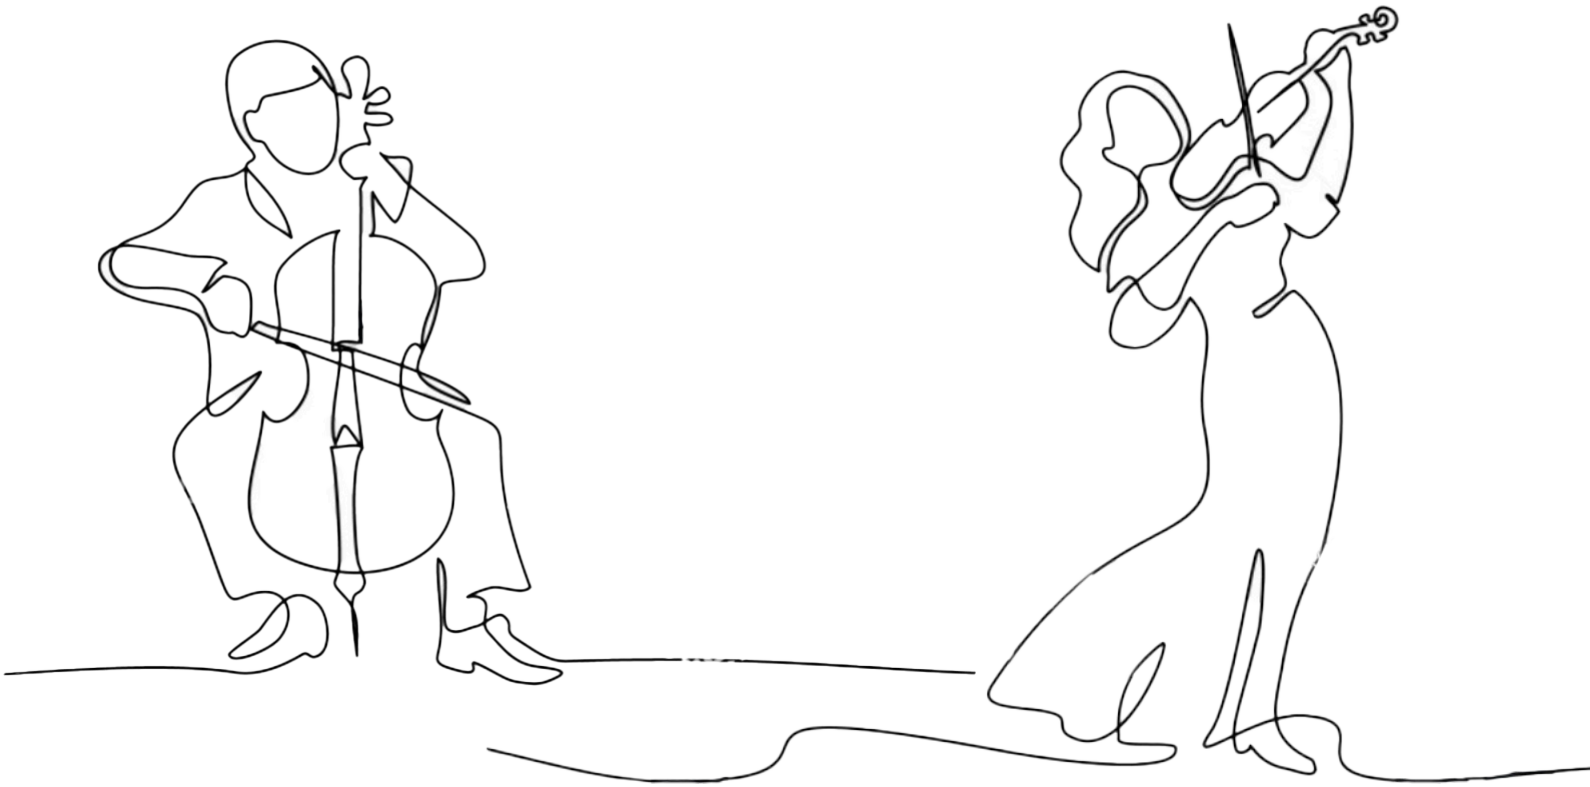

It is hard to draw the difference between a violin and a viola.  
Can you see the difference between the instruments in front of you?  
What is missing from the drawing of the cello below? Can you add it?

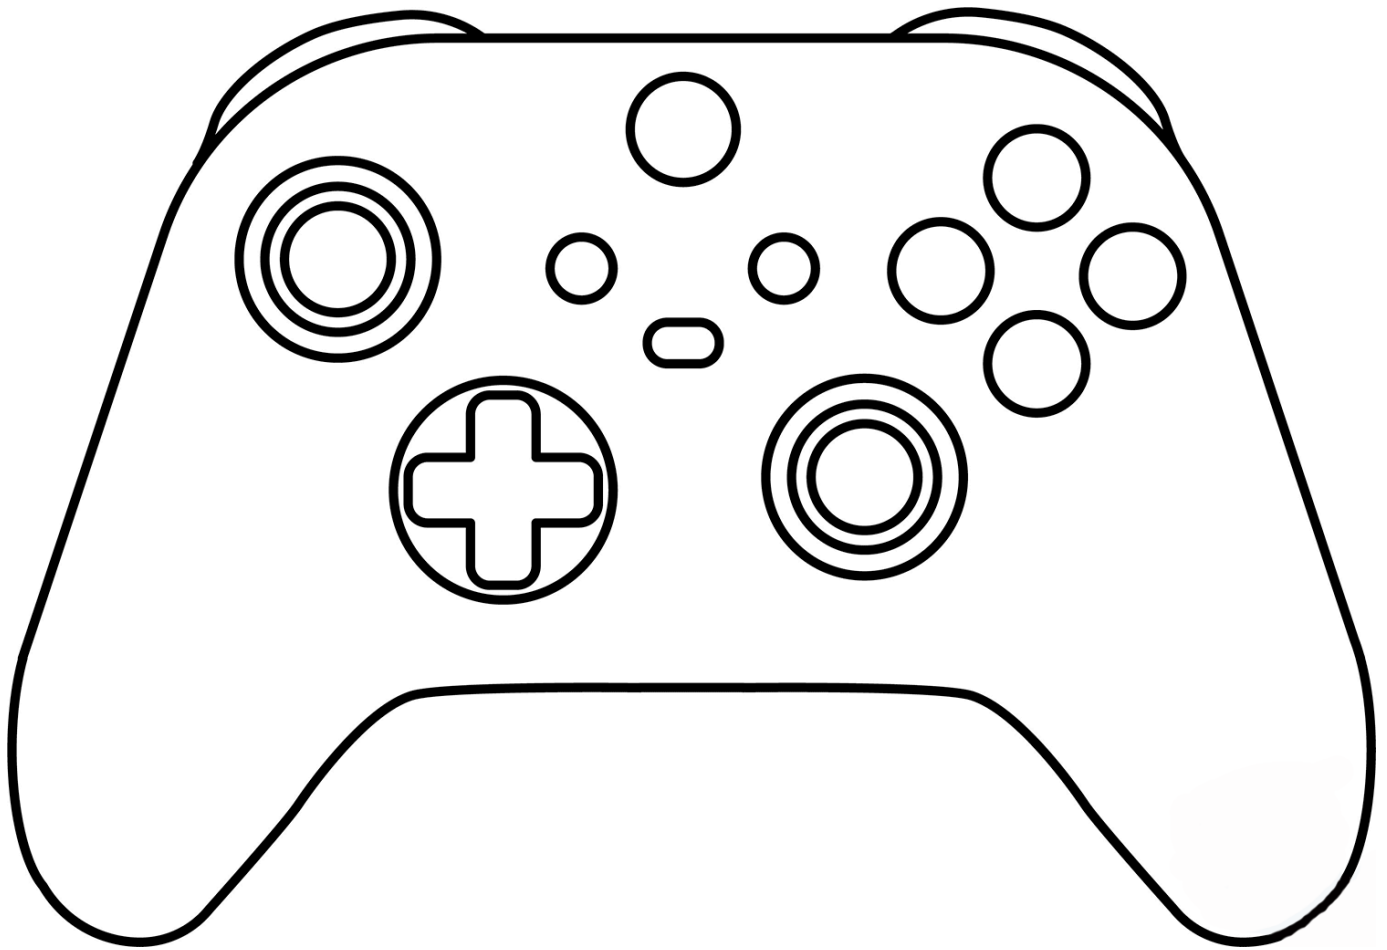

What do you think of when you hear the music?

Do you see pictures or colours?

Add some colours to these musicians. Add yourself or a friend, if you like.

Music is everywhere, even in video games. Did you know that someone composed that?  
Do you have a favourite game or a favourite theme song?

Do you have a favourite sound in a game?  
Is it a pew-pew or a whoosh or an engine or a sparkle noise when you get points?
